

2025 SCCS Conference

1-3 April 2025

Department of Zoology, University of Cambridge & live streamed worldwide.

Building links among early career conservation scientists and practitioners

SCCS is aimed at early-career researchers working in university departments, conservation organisations and resource management agencies worldwide. Approximately 180 postgraduate students (and similar-stage researchers) attend the conference each year, from a broad range of disciplines in conservation, including ecology, genetics, geography, economics, social sciences and psychology.

Applications close
 12 September 2024

www.sccs-cam.org

Your role in the Conference

The three-day event consists of 30 short talks and 75 posters presented by early-career researchers. Presentations on economic and social, as well as biological aspects of conservation are welcome.

Prizes are awarded for outstanding talks and posters. We offer a dynamic programme of workshops to help learn new skills. Social events provide lots of opportunities to network with others.

Come and join the SCCS community, share ideas and make new friends.

Plenary Speakers

Brendan Godley,
 University of Exeter

Melissa Leach,
 Cambridge Conservation Initiative

Sarobidy Rakotonarivo,
 University of Antananarivo;
 Mitsito

Bernado Strassburg,
 International Institute for
 Sustainability; re.green

Conference costs

The in-person conference fee (incl. meals, drinks and carbon offset) is £110. Accommodation, including breakfast, is available at a nearby college, on a first come first served basis.

Bursaries

Students can apply for bursaries if they are attending from developing countries and eastern Europe. This would cover the cost of travel, accommodation, meals and conference fees.

For those who can't attend in-person, we will be offering free live streaming of all the talks. Keep an eye on our website www.sccs-cam.org for more details.
